## COCCINELLE'S CLUTCHES

Coccinelle's sleek, functional handbags have long been staples in the wardrobes of enviably chic European women.

This season we're even more on board as the brand's hardware detailing and simple bag shapes lend themselves perfectly to the new accessories trend for all things mini.

Pocket-sized pochettes, clutches and mini-satchels are a crucial spring investment, so in the season of undersized handbags, Coccinelle's clean lines and block colour are irresistible.

Clutches, £165 each, Coccinelle ([coccinelle.com](http://coccinelle.com))
